class _____

Psychological Disorder Report

A day
October 10th (Tuesday)
October 12th (Thursday)

B day
October 11th (Wednesday)
October 13th (Friday)

Presentation: 50 pts

Many students in the class will be interested to learn about the Psychological disorder that YOU have to present. Don't let them down! Be sure to come to class on your assigned date ready and confident to present 😊

Requirements

1. Presentation: Visual Aids (PowerPoint, posters, video, etc.) The class will be taking notes on your presentation. Make your presentation interesting and easy to follow. **(10 pts)**
2. Presentation: Everyone is contributing! **(10 points)**
3. Psychological Disorder is be defined and thoroughly described. Symptoms are also listed explained **(10 pts)**
4. Discussion of prevalence. How likely a person is to be born with/develop the disorder? Does sex/race/age/culture/etc. affect the prevalence of the disorder? **(5 pts)**
5. Provide at least one example of a REAL person with the disorder. How do the symptoms have a positive/negative influence on their life? **(5 pts)**
6. Discussion of Treatments. What does therapy look like for an individual with this disorder? What types of medication are available? How successful are these treatments? **(5 pts)**
7. Include a Works cited page. Minimum of 5 sources. MLA formatting. **(5 pts)**

*If you know you will be gone on your designated presentation date you must speak with me in advance to make other arrangements.

*If you are not prepared on your presentation date you must submit a written report on your disorder. Five page minimum, MLA formatting, and a minimum of 10 sources. **It will be much more difficult to achieve mastery if you choose not to present in class, and you will only be eligible for a maximum of 80% credit.**
